PROFESSIONAL SUMMARY

Enthusiastic Computer Science Engineer (B.Tech, 2025) with strong skills in front-end and full-stack web development as well as data analysis. Experienced in building projects using HTML, CSS, JavaScript, Node.js, Express.js, Embedded JS, React.JS, jQuery and Bootstrap. Adept at using Git/GitHub for version control. Certified in Full Stack development and Computer Networking, with hands-on practice in UI/UX, python, MYSQL, VFX, and 3D design tools (Blender). Quick learner, eager to apply skills in real-world applications and contribute to innovative technology solutions.

INTERNSHIP EXPERIENCE

TATA, GenAI Powered Data Analytics 06/2026 – 06/2026 | Remote
Completed Tata iQ's AI-powered Financial Services job simulation, gaining practical experience in GenAI-assisted EDA, no-code delinquency risk modeling, and designing ethical, compliant AI-driven collections strategies.

Internsforge, Full Stack Development Intern 06/2025 – 09/2025 | Remote
Acquired practical experience in Node.js, Express.js, JavaScript, Bootstrap, and Git/GitHub, contributing to backend API development, responsive UI design, and interactive web application features.

Internship studio, Data Analyst Intern 06/2024 – 08/2024 | Remote
Acquired practical skills in Excel, SQL, NumPy, Pandas, and Power BI for data cleaning, analysis, visualization, and dashboard creation during a Data Analytics Internship.

EDUCATION

B.Tech - Computer Science & Engineering, Vellore Institute of Technology 2025 | Bhopal, MP
CGPA: 7.42

Higher Secondary (Science), Sardana International School 2021 | Dewas, MP
85.2%

Matriculation, TATA DAV Public School 2019 | Sonadih, Chhattisgarh
74.6%

TECHNICAL SKILLS

Languages & Programming Python (Numpy, Pandas), JavaScript, SQL	Frontend HTML, CSS, JavaScript, Bootstrap, jQuery, UI/UX Design	Backend Node.js, Express.js, npm, EJS, nodemon.js	Other Skills Blender 3D, VFX, Animation, Responsive Design.
Tools & Cloud Git, GitHub, Qwen AI, Claude AI	Data Analysis Numpy, Pandas, PowerBI, SQL, MS Excel, Pivot Table, Excel Dashboards	Database SQL, MYSQL	

CERTIFICATIONS

The Complete Full-Stack Web Development Bootcamp Issuer: Udemy	SQL(Basic) Certification Test Issuer: Hackerrank	Game Development with JavaScript Issuer: Sololearn	The Bits and Bytes of Computer Networking Issuer: Coursera

ADDITIONAL INFORMATION

Languages
English, Hindi

Hobbies
Story Writing, Reading, VFX Creation, Animation

PROJECTS

Resturant Business Kit, SAAS, Full Stack Development
• Built a responsive restaurant management platform with **QR menu, online ordering, table reservations, and customer-facing pages**. Developed an **admin dashboard** for revenue analytics, order/reservation management, customer insights, table management, and business performance tracking using **HTML, CSS, and JavaScript**.

Solar Power Calculator, React.js, JavaScript, Tailwind CSS, REST APIs, AI
• Built an **AI-powered solar energy analysis platform** that analyzes weather, solar radiation, UV index, cloud cover, and location data to estimate solar energy potential and system requirements.
• Developed an **AI solar prescription engine** that recommends suitable solar panel technologies, capacity, and configurations based on local environmental and weather conditions.
• Integrated real-time **weather, geolocation, solar radiation, and sunrise/sunset APIs**, with interactive Recharts dashboards for visualizing solar trends and energy metrics.
• Implemented **Peak Sun Hours, energy generation, solar capacity, system derating, and solar suitability calculations** with a responsive Tailwind CSS interface.

Retail Sales Analytics Dashboard, Excel, SQL, Pandas, NumPy, Power BI
Developed an end-to-end Retail Sales Analytics project using Excel, SQL, Pandas, NumPy, and Power BI to analyze sales trends, customer behavior, product performance, and revenue distribution, delivering interactive dashboards and actionable business insights
